

A LUCKY FATHER AND SON.

The following narrative of the suffering of a Father and Son, will prove interesting to the readers of this paper. G. C. Bartholomew, of Kalkaska, Mich., says: I located in this place five years ago, having formerly resided in Troy, N. Y. My friends there, as well as here know that I have been a great sufferer from what the Physicians of Troy called

Bright's Disease.

As a last resort I commenced the use of Dr. David Kennedy's Favorite Remedy, (made at Rondout, N. Y.) The result is little short of a miracle. All the terrible symptoms of this disease are gone. I do not have any more difficulty in voiding the urine, no pain or ache in the small of the back, no more soreness across the loins or over the bladder, no more Constipation of the bowels, no swelling of feet, hands and legs, and many other symptoms of disease of the Kidneys, Liver or Bladder.

So you see, help came to me in Dr. Kennedy's Favorite Remedy. Who would begrudge the cost of this medicine (One Dollar a bottle) for such a blessing, or refuse this simple though sincere token of gratitude, for being perfectly cured? I owe everything to Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., and hope my writing this will induce others to use the medicine who suffer from a Kidney or Blood disorder. But my recovery was not more remarkable than that of my son George, who when a boy fell from a fence, bruising his leg, which was followed by disease of the bone. Large pieces were removed by surgical operations. His blood was impure and the future to him was dark and gloomy, expecting to be a helpless cripple for life. He was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and as sure as I am writing this grateful acknowledgment his leg is entirely healed up. He now works with me, doing a good man's work. He owes everything to Dr. D. Kennedy's Favorite Remedy, made at Rondout, N. Y. Price \$1.00 a bottle for \$5.

OFFICIAL CLEMENCY.

The President Commutes the Sentence of J. D. Fish.

WASHINGTON, January 28.—The President has commuted the sentence of James D. Fish, formerly president of the Marine National Bank of New York, who was convicted in April, 1885, of misapplying the funds of that bank and sentenced June 27, 1885, to ten years' imprisonment in the State prison at Auburn, N. Y., upon the first count of the indictment, with the statement that judgment for a like punishment will be entered upon a conviction had under the ten other counts of the indictment. The President's endorsement in this case is as follows: "The convict is 69 years of age. Prior to his conviction, he was

TRUSTED AND RESPECTED BY ALL

who knew him, and all his dealings and intercourse with his fellow men both in his business and social life had been such as to secure their confidence and esteem. In the view I take of the application for his pardon there is no occasion to refer to the nature of his offense nor to comment upon the evidence upon which his conviction rests, further than to suggest that this is a case in which the acute and wilful intent to defraud depend upon influence somewhat uncertain. I have rarely, if ever, seen a petition for executive clemency signed so numerously as the one presented in this case by citizens of great respectability and business standing. The prisoner, since his conviction has aided the administration of the criminal law by giving valuable testimony upon the trial of another offender, and he has endured his imprisonment thus far with all the

FORTITUDE AND RESIGNATION

possible, and has been scrupulously obedient to all the prison rules and regulations. Medical proof produced before me fully establishes the fact that with the advanced age and serious disabilities and reason of his confinement, he is, physically and mentally, fast failing, and I am satisfied he will not survive his imprisonment if much longer extended. Every object sought to be attained by the punishment of crime will be accomplished, in my opinion, by a commutation of his sentence to imprisonment for a term of five years and six months, with an allowance of deduction for good conduct. Such commutation is therefore granted."

Hood's Sarsaparilla cures catarrh by expelling impurity from the blood, which is the cause of the complaint. Give it a trial.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded. Price 50 cents and \$1 per bottle at A. C. Smith & Co's. Drug Store.

A. T. & S. F. REPORT.

Profits and Losses of an Immense System.

Boston, January 27.—Joseph W. Remhardt, comptroller and general auditor of the Atchison, Topeka & Santa Fe, has submitted advance sheets for eleven months ending November 30, 1888, which had the following results: Mileage, Atchison system, 3,019 miles; gross earnings, \$465,689; expenses, 67.7 per cent., \$978,363.23; net earnings, \$4,023,093; receipts from interest on bonds of railroads owned by the Atchison and used as collateral, \$508,892.

TOTAL NET EARNINGS,

\$512,586, direct fixed charges, interest on bonds and notes, taxes and sinking fund requirements, \$4,513,246; net profit, \$310,339; total profits, \$1,026,000; dividends, \$2,623,000; deficiency, \$1,558,990; debt, \$8,643,404; total, \$3,457,312; net floating debt, \$5,185,891; supplies on hand as an offset to future operating expenses, \$1,523,897. Of the debt above shown, \$5,183,891 was due and payable prior to July 1st, 1889; of guarantee notes subscribed for in amount \$7,000,000, there have been called to November 30th, 1888, \$7,000,000, leaving \$6,300,000 called to November 30, The total income surplus on December 31st, 1888, was \$7,949,622. The deficiency for eleven months ending November 30th, 1888, made the net general increase surplus to that date, \$8,831,222, but the addition of various sundries, accounts swells this amount, so that the

TOTAL GENERAL SURPLUS

on November 30th was \$9,509,633, and estimated net profit after all the month, including the December charge, is \$19,000. The total net deficiency of the company for the period of twelve months through to December 31st, including the actual figures of November 30th and December estimate, is \$408,990.88.

From actual statements through November 30th and approximates for December, the auxiliary roads of the Atchison system, inclusive of those that issued jointly, will show they have failed to earn the fixed charges of all descriptions by about \$360,000. Of this they have contributed \$180,000, the remainder having been contributed by the Atchison.

Defeated.

ZANZIBAR, January 27.—An engagement took place at Dar-el-Solomon Friday, resulting in the defeat of the Arabs, many of whom were killed. During the fight a Lieutenant of the German war ship Sophia was killed by snipers. The defeat of the Arabs renders the position of the captured missionaries still more dangerous.

SUKKIN, January 27.—Prominent merchants from Kharfoum confirm the report that El Mahdi was defeated by Semisi. He also declares that the white prisoner was not a human being, and certainly not Emin.

NOTES FROM HEBER.

SLEIGHING is excellent in and around Heber. The road through the canyon from Provo is such as to make the sleighing very exhilarating.

The Messrs. Johnson Brothers have just finished a twelve evening course of lecture, with a membership in the class of about fifty, with such flattering results, that a second class was started last night with a larger attendance than ever. President Hatch is delighted with the intense interest manifested by his numerous flock.

WELL, the Wasatch Wave is an assured fact. The bill of lading from the railroad company, and also the bill of type and other appurtenances, have been received and everything has been arranged, with William E. Buys as manager, Edward D. Clyde as editor-in-chief, and W. D. Kenner as foreman, devil and chief mailing clerk. The Wave starts out with brilliant prospects on every hand, the people having stepped forward with their support on the subscription list, the city of Heber alone furnishing over 200 names, and the merchants are pouring in orders for advertisements; so, if the management works right, there is every prospect of the Wave causing such a ripple in the ocean of literature of now-a-days newspapers that will be felt. The new company is to be called the Wasatch Publishing Company.

TRAVELING INDUSTRIAL T. Provo, January 26th, 1889.

Curious to Know.

LONDON, January 27.—The Times says: Englishmen will be curious to know the exact value of Prince Bismarck's assertion that Germany is absolutely as one with England in regard to Samoa. It is difficult to believe that England has given any approval to the deposition of Malietoa or to Germany intervention between Tamasese and Malietoa's partisans.

THE "NEWS" IS STRONGER.

The Daily News, in view of Bismarck's speech on the African question, wants to know what is the price of Bismarck's friendship, and in regard to Samoa what further sacrifice of national dignity England is to make.
